U. S. MARINES TAKE CITY

[Associated Press Cable]
SAN FRANCISCO, Cal., Oct. 6.—Word received here this evening from the seat of war in Nicaragua states that the American marines under the command of Admiral Southernland have captured Leon, one of the strongholds of the rebels in Nicaragua.

In Chichicalpa a force of United States marines was attacked by a mob of rebel sympathizers, but the marines dispersed the mob, killing thirteen of them.

Over-Night FEDERAL Wireless To the Advertiser

The Navy Department will not begin the site selection for construction of high power radio-telegraph stations on the Hawaiian Islands, Philippine Islands, Guam, Samoa, or California coast, until the completion of the Panama Canal station, now in progress, after which estimates are to be made, when advantage will be taken of experience gained and applied to the Pacific Coast and insular stations.

Herbert S. Hocken, said by Orle E. McManigal to have been one of the organizers of the "dynamiting crew," has given information against the other defendants in the trial of the accused "dynamite plotters," according to a statement by United States District Attorney Charles W. Miller, made in court yesterday before the jury.

That only a marvel can avert war in the Balkan Mountain states is the view of the diplomatists and of all the embassies in London. Austria has weakened on the proposed congress concerning the threatened war. European diplomats admit they can not undertake the preservation of the status quo in the Balkan states.

From the seat of an aeroplane, Jas. Bryce, British ambassador to the United States, obtained a birdseye view of the Massachusetts North Shore yesterday.

Governor Woodrow Wilson of New Jersey and Colonel Bryan spoke together for the first time at a banquet of the Democratic State committee at Lincoln, Neb., last night. Governor Wilson thanked the Colonel publicly for the support he gave him in Baltimore, and Colonel Bryan appealed to the Democracy "to do for Wilson twice as much as they ever did for Bryan."

It has been found advisable to raise the height of the dikes at Gambia, on the great Panama Canal, from 73 feet, as originally planned, to 78 feet, 2 inches, to protect the Culebra Cut against inundation by the Chagres river, in consequence of the rise of the waters of Gatun Lake.

Virginia McDowell Clark, widow of Walter Miller Clark, one of the heroes who lost his life in the ill-fated steamship Titanic, was married to John S. Tanner, a former Los Angeles man, in Cohoes, N. Y., on September 26, according to information contained in a letter received by Mrs. Ada McDowell, the bride's mother.

"Big Jack" Selig, leader of the gangster gamblers from the East Side, New York, and prospective witness in the trial of Police Lieutenant Charles E. Becker for the murder of Herman Rosenthal, the gambler, on July 16 in front of the Hotel Metropole, which begins tomorrow, was shot and killed last night. He was seated in a trolley car when Philip Davidson, who says he is a fruit dealer, jumped on the running board and fired the fatal shot.

"Big Jack" Selig was the man who furnished the names of the four gunmen charged with the murder of the gambler.

While all is quiet at the great mines of the Utah Copper Company today, the striking miners, numbering about nine and are entrenched along the side of the mountain overlooking the pits, ready to fight in case an effort is made to start up with non-union strikebreakers.

Grand Prix automobile road race at Milwaukee on Saturday, when his car hit the machine driven by Caleb S. Bragg, winner of the race, is said to night by physicians to be as good as can be expected.

Neither England nor Austria has yet announced adherence to France's project of intervention in the Balkan Mountain states trouble.

It is thought at Paris that the point at which the powers may be divided in their effort to avert war is the exact form which intervention is to take, while Great Britain's hesitancy may be due to her desire to avoid displeasing her millions of Moslem subjects.

Bulgarian troops last night surprised and defeated the Turkish garrison in the mountain fortress of El Kabei, near Pazzoras. Details are meager.

Governor Woodrow Wilson of New Jersey arrived in Omaha this morning, being greeted by an enthusiastic gathering. The Governor slept peacefully through a near-wreck last night.

Colonel Roosevelt arrived in New York at half-past seven o'clock this morning from Washington. He put in a short time in his editorial sanctum and left at noon for Oyster Bay.

The Turkish demonstrators smashed the windows of the Italian embassy and the Greek consulate in Constantinople Friday evening. The police dispersed the crowd.

The Sultan said today: "Allah will not permit our fatherland to be trampled on by a few enemies. I am confident that Allah is with us, in whose keeping we all are."

The Summer Capital officially will be a lonely place for the next two weeks. President Taft left today on a six-day automobile trip through Vermont and New Hampshire, and will rest in Beverly only a few hours on his return before he boards the Mayflower to review in New York the largest fleet ever assembled in American waters.

Threats to sacrifice European lives in Foochow have been uttered by General Fung, unless his demand for 450,000 taels (about \$315,000) from the authorities are acceded to. The mutinous troops with General Fung number from 10,000 to 20,000 men.

JUDGMENT?

We ask judgment on the following of physicians and patients who believe Bright's Disease incurable.

The Vice-President of an Iowa corporation had to abandon his business due to Bright's Disease. He declined until February, when he was in bed twelve weeks. He heard that H. W. Smith, a wholesale Optician of Mason City, Iowa, had recovered from Bright's and wrote him. On getting Smith's reply he adopted the same treatment.

As to the results obtained patient sends reports from the Department of Anatomy, Histology and Embryology of the State University of Iowa, from the last of which we quote:

Color... normal, slightly cloudy
Reaction... acid
Specific Gravity... 1017
Albumen... negative
Sugar... negative
Pathological... sediment negative
Patient adds: "My heart is in good condition. I sleep well and look the picture of health. My friends tell me how well I look and I surely feel as good as I look."

We ask physicians and patients to compare this October report with the bedridden condition in February. Fulton's Renal Compound can be had at Honolulu Drug Company. Ask for pamphlet.

AD CLUB HOLDS ENJOYABLE DANCE

The proposal of Mr. George B. Curtis that the Honolulu Ad Club and a social feature to its activities resulted in the Ad Club dance given at the Outrigger Club pavilion Saturday evening. From one hundred to one hundred and fifty members of the Club and their guests took part in the festivities and a most enjoyable evening was recorded.

The pavilion was attractively arrayed with flags and bunting done under the direction of Mr. Curtis, who was untiring in his work to make the whole affair a success. He was assisted by Mr. John Lennox, C. S. Crane and C. R. Frazier. The reception committee was made up of W. R. Farrington, Roy Nelson and Mr. John Lennox.

Music for the occasion was furnished by Ernest Kaul's quintet, light refreshments were served and all arrangements were carried out with a perfection and enthusiasm most creditable to those in charge.

It is the plan of the Ad Club to hold informal social affairs from time to time at which the employees of the mercantile houses will be welcome and take part in the evening entertainment.

DIED.

PHILLIPS — At the residence of her brother, Manuel Richards, at Kalihi, Sunday, Oct. 6, 1912, Olive Phillips.

Notice of funeral later.

PHILLIPS — Mrs. Joseph Phillips, October 6th, 1912, at her residence, Kalihi, aged 46 years. Funeral will take place upon her son's return from Hawaii.

One world-shaking shock and two minor earthquakes were recorded at the technology station, Kilaua, during the past week. Professor Jaggar, director in charge, estimates that the great shake occurred some 5,000 miles away. He believes it to have been a subterranean convulsion inasmuch as the cables have brought no reports of disturbances on land. The fire pit of Kilaua has been more or less free from smoke during the past week, permitting of free observations.
